## PROFESSIONAL EXPERIENCE

---

### JRC Software (PVT) Ltd

Nov 2021 - Present

UI/UX Engineer

*Technologies: HTML, CSS, SASS, Angular, React, Bootstrap, Angular Material, Adobe XD, Zeplin, JIRA*

- **Property Manager App Revamp** - Engineered UI/UX revamp of the Property Manager App, adding new features and optimizing user flows with Adobe XD, Angular Material and Bootstrap.
- **Old Property Manager App & Service Provider App** - Executed resolving bugs in the live environment and iteratively improved the UI for a smoother user experience in both Angular and Bootstrap.
- **Tenant Portal** - Collaborated in fixing user-facing bugs and designing new interface features, working primarily with React and SASS.
- **Super Admin Portal** - Initiated live bug fixing and interface enhancement using Angular, SASS, and Bootstrap.
- **Marketing Website** - Designed and implemented web pages in HTML and CSS and managed blog content updates on Hubspot.
- **Additional Contributions** - Designed email templates, PDFs, API documentation, and chatbots, while also assisting with integrated products like Invoice Automate, PropertyTree, JLL Tenant, and PropertyMe.

### Black Vault Technologies (PVT) Ltd

Sept 2020 - Aug 2021

Associate UI/UX Engineer

*Technologies: HTML, CSS, JavaScript, Vue, Vuex, BootstrapVue, Vuetify, Figma, Adobe Photoshop, Illustrator*

- **Personal PAC** - Implemented the admin portal, focusing on API integrations and UI/UX enhancements. A Fundraising app for election campaigns, including campaign management, analytics, and donor profiles.
- **Finance Web App** - Led the front-end development of a comprehensive internal invoice and accounting app, with features like invoice creation and report generation. Effectively mentored and guided a successor.
- **Conferli** - Streamlined front-end development and UX design to ensure scalability and user-centered design of this event management platform to help conference organizers find venues.
- **Kramp Quiz** - Developed interactive quiz features, leaderboards, and integrated localization using Vue and Tailwind CSS. Quiz application for Kramp's 70th anniversary, built with multi-language support.
- **Tuskr** - Engineered a responsive e-commerce platform for fitness equipment with User, Admin, and Vendor portals. Associated with UI design and development to enhance user engagement.

**Serialberry Limited, Manchester, UK**

**July 2018 - Dec 2018**

Full Stack Web developer (Contract based - Remote work)

*Technologies: HTML, CSS, JavaScript, Angular, SQL Server, Docker, Azure, PWA, GIT*

- **HAP Recruitment Project** - Crafted a recruitment management system using .NET, C#, Angular, SQL Server, Docker, Azure, and PWA technologies. Collaborated with a 5-member team to build backend features, develop responsive UI components, and implement PWA functionality for cross-device accessibility.
